- *taxes, port fees, and fuel surcharge
(subject to change until final payments have been received)

You Provide:

Rt airfare to Nassau

Warm, easy diving! AquaCat Live-a-board Oct 21 -28, 2017

Hello Divers!

Let's start thinking about warm water diving! It's time to get ready for the Bahamas!

You're invited to join us Oct 21-28, on the Aqua Cat!

Aqua Cat cruises offer the ultimate escape on board your own private luxury yacht. Based in Nassau and cruising the beautiful Exuma Cays, Aqua Cat is a 102 foot live-a-board accommodating 22 guests in 11 spacious cabins.

Aqua Cat combines the luxury of cruise travel with spectacular live-a-board diving. The ship features include: a spacious dining area, comfortable lounge area with television, DVD, Karaoke, and audio center, shaded and sun decks. Each large passenger cabin has a private bath, hairdryer, refrigerator, and individual climate control. The 28 foot motor launch, Sea Dog, shuttles passengers to pristine beaches and secluded coves for snorkeling and sun bathing.

What is the diving like?

While the Northern Exumas are only 30 miles from Nassau, there are no daily dive operations in this area. You can experience truly virgin diving. The Exumas have walls starting at 40', as well as drift, reef, and shark dives. There is a large Blue Hole between Nassau and the Exumas. For over 30 years, much of the northern Exumas has been a National Underwater Park with no fishing, spear fishing or collecting allowed. Because of these laws, there are miles of undersea gardens in which coral, sponges and fish abound. Turtles, rays and sharks are seen regularly on most dive sites. Goliath grouper truly are gargantuan in the Exumas!

Enjoy 4-5 dives per day. Nitrox is available for an additional fee. The large, 900 sq.ft. dive deck provides a comfortable area to prepare for your dives and offers a private shower and head. There is also a hot, fresh water rinse on each dive platform, to leave you feeling fresh after the dive.

Extra Fun!

We will have a "Shark Dive" during the week, giving you an opportunity to see these amazing animals up close, and perhaps get that photo you've always wanted.

Take a break from diving and go on an eco-adventure. Come check out the island of swimming piggies or check out the whale bones and the blow hole on Warderick Wells island.

Kayak the creeks that meander through Shroud Cay, and explore this natural nursery for many varieties of fish and sharks.
