

# PADI Tec 40

The Tec 40 course is where you transition from recreational scuba diving to technical diving. It's a great place to start because it's the first subdivision of the full Tec Diver course and bridges the gap between no stop diving and full technical deep decompression diving. You gain experience and begin building the knowledge and skills you need to continue your tec diver training. You will qualify to make limited decompression dives to 130 feet.

## **COURSE REQUIREMENTS**

Academic Sessions  
4 open water dives conducted over 2 days

## **PREREQUISITES**

Minimum Age: 18  
PADI Advanced Open Water Diver  
A PADI EANx Diver with at least 10 dives using enriched air deeper than 60 feet  
A PADI Deep Diver or proof of at least 10 dives to 100 feet  
Minimum of 30 logged dives  
PADI Medical statement signed by physician with the past 12 months

## **COURSE FEE**

\$520

## **EQUIPMENT REQUIREMENTS**

Students must supply:

- Primary and backup mask
- Fins
- Wing-type BCD and Harness
- Primary and secondary regulator
- Twin cylinders, decompression cylinders/stage bottles
- Primary and secondary multi-gas dive computers and SPG
- Lift bag with reel
- Primary and secondary dive light
